

# I'm Pretty Good At Talking to Girls, I Just Suck At Initiating the Conversation

A monologue compiled of anonymous app posts—  
Tinder bios, Tweets, Yaks, and Whispers.

All these sloots here  
and I can't even get laid.

Why do 90% of girls here smoke cigs?  
U tryna die before u graduate?

How come I can never meet any shy girls?  
I'm somewhat shy myself.

I can never seem to meet those girls  
Who don't go out and get trashed  
But would rather smoke and watch Netflix.

Looking for a girl to come  
Watch Pitch Perfect  
Because I'm bored—I love this movie.  
Yes, I am a guy.

I would never want a girlfriend  
Who can't appreciate the smaller things  
In a relationship  
Like just having a personal conversation  
Or just chilling.

The smaller things are the important things.

I just want to feel loved.

When I was a bad boy  
Girls wanted me to be romantic.  
Now that I am romantic  
Girls want me  
To be a bad boy.  
Girls are so complicated, damn.

Do couples ever make out before brushing their teeth in the morning?

Who has a real relationship in college not just a college fling?

If a guy buys a girl a box of chocolates. Is that a big deal or not?

Does anyone actually go on tinder?

What do you consider a hoe?

Idk I just kind of want a relationship without the  
huge time commitment—like do I have to talk to  
you everyday?

You don't actually believe  
That your frat-boy boyfriend  
Actually likes you for your personality, do you?

How long are you supposed to talk  
To your roommate when you meet them  
Before you both turn to your laptops  
And ignore each other?

Having a crush on someone is the worst.  
Especially when they like someone else.  
Especially when you don't even see them.

Is it weird to ask out a girl  
Who you barely know?

Should I try to talk to her  
First or just ask her out?

With a lot of women  
(not all though)  
You can't even introduce yourself  
Without them thinking that you want to ask them out.

I wish you would give me just one chance,  
To show you that it's not all about looks,  
To show you that I'm a nice guy  
& I care about you.

Oh, you're gonna complain that all guys want  
Is sex, but someone came along  
That wants a relationship  
And you're afraid of that too?

Wtf do you want then?

I've never been stabbed in the back  
By a guy  
But I've been stabbed in the back  
By plenty of women  
(at least 15-20)  
And that's why I never have the courage  
To ask a girl out, I just don't trust them.

Why tell a girl you have feelings  
For her if she is just going to rip your heart out  
Place it back in the wrong way  
Then end up not even being friends anymore :( :(  
#LastTimeITellAnyGirlThat

I saw you at dinner and didn't turn around!  
Proud of myself;

People may not tell you  
How they always feel about you,  
But they will always show you.  
Pay attention.

Now would be the perfect time  
To tell the truth.

I guess true love is dead  
& it's all about lust.

Do u ever just love something so much  
You feel like u could hurt it  
But you would never  
Bc that would be bad?

I don't like being controlled.

Women just love  
Turning down men;

If you love something, set it free.  
Maybe not sharks though,  
Or bees, viruses, lots of stuff really.

Look, the point is don't love anything.
