my floppy floppy disk data mining data a legacy system out of date smackdabbed in the middle of everything billions in use data mining data but where are they now? I still see you I click on you data mining data perhaps to save you as my friend save you as me save you as her save you as they should I save you as or just save I can click on file first or go directly to you by undo I just don't know what to do I don't want to make more than one version but I might need to modify you and save you as a draft or perhaps original 1 I just want to save you as my friend click on file next to my home right above open on top of close far away from what's recent a few steps from what's new I want to save you as my friend not just save & send please just let my last modified say never
