Social Media STD

For Hyun Cho who provides much needed healing when my social media STD takes over.

I have a social media STD. You have a social media STD. We have a social media STD. This is our outbreak.

We don't wear protection when we poke each other on Facebook. Touching clicking pasting linking liking clicking.

We don't cover our noses when we sneeze a retweet. Touching clicking pasting linking liking clicking.

We don't cover our mouths when we cough a favorite. Touching clicking pasting linking liking clicking.

Our sores appear as one or more blisters on or around our genitals, as one or more blisters on or around our rectums as one or more blisters on or around our mouths.

We don't avoid contact when we press a warm heart to like a photo. Touching clicking pasting linking liking clicking.

Our little minuscule hands moving in circles and touching without protection. Touching clicking pasting linking liking clicking. Touching without protection with our little minuscule hands that move in circles and touch clicking without protection and link and like and click and paste. This is our outbreak.
